when less than 75 percent of the individuals covered are employed by the Clinical Center and: -the increases are coincident with and less than or equal to the percent of the GS increase under 5 USC 5303; -the increases are less than or equal to the annualized percent of increase in the Hospital Employment Cost Index (ECI)						throughout the NIH Requires the concurrence of other ICs affected by the change	
5. To approve increases in existing Title 38 special salary rate authorizations when more than 75 percent of the individuals covered are employed by the Clinical Center and: -the increases are coincident with and less than or equal to the percent of the GS increase under 5 USC 5303; -the increases are less than or equal to the annualized percent of increase in the Hospital Employment Cost Index (ECI)		Dir, NIH		Dir, CC	NO	Covers employees throughout the NIH Requires the concurrence of the Dir, OHR and other ICs affected by the change	CSD

PAY-RELATED DEFINITIONS

Salary is the annual rate of basic pay, and locality pay, if any, paid on a regular basis for the position to which the employee is appointed. It does not include additional cash benefits.

Discretionary Pays include Cash awards and Performance Bonuses; Recruitment and Relocation Bonuses and Retention Allowances (3Rs) or Recruitment and Retention incentives (2Rs); Physicians Comparability Allowance (PCA); Physicians Special Pay (PSP); Salary Increases Based on Performance; SES Performance Awards; SES Rank Awards; Quality Step Increases

Total compensation means the employee's salary plus discretionary increases - i.e., the employee's total annual rate of earnings from his/her current position.
